UPDATE: Temporary COVID-19 Public Health Reporting Waiver in Contra Costa County

In response to the COVID-19 pandemic, in California, **all** three of the following COVID-19 reporting mechanisms to the Local Public Health department exist and are written into California State regulations.

Please review the three reporting summary sections (Laboratory, Health Provider and Facility Reporting) along with the reporting tables below to see what reporting methods have been fully or partially waived.

To align with the current California State Public Health Officer Order ([Revision of Mandatory Reporting of COVID-19 Results By Health Care Providers](#) issued February 10, 2022) the local 'Public Health Reporting Waiver During Times of Surge in Contra Costa County' has been extended until the State Public Health Officer Order is rescinded.

Ori Tzvieli, MD
Health Officer, Contra Costa County
Contra Costa Health Services

(1) **Laboratory* Reporting (17 CCR § 2505)**

*'Laboratory' means laboratory facilities and many other types of facilities performing Point of Care Testing (POCT) – including residential care facilities, schools, employers, etc.

Severe Acute Respiratory Syndrome Coronavirus 2 (SARS-CoV-2) Test Results

- a. Any laboratory approved to test for SARS-CoV-2 must report **all positive and non-positive (negative, indeterminate, and specimen unsatisfactory) results** from diagnostic tests (molecular and antigen) and serology (antibody) tests for SARS-CoV-2 **within eight hours** from the time the laboratory notifies the health care provider or other person authorized to receive the report.
- b. Laboratories shall transmit these reports via electronic laboratory reporting (ELR) to the **state electronic reporting system (CalREDIE)** or via an **electronic reporting system** that is linked to the state electronic reporting system. Reporting of lab results via fax or email does not meet the requirement.

SARS-CoV-2 Result – Laboratory Reporting			
Reporting Party	Reporting Method	Comments	Waiver
All "laboratories" includes any facility that is performing Point of Care Testing (POCT) like residential care facilities, schools, employers, etc.	<ul style="list-style-type: none"> • Electronic laboratory reporting (ELR) to the state electronic reporting system (CalREDIE) <u>OR</u> • Electronic reporting system that is linked to CalREDIE 	<ul style="list-style-type: none"> • Electronic Laboratory Reporting (ELR) system: <ul style="list-style-type: none"> ○ Please visit the CalREDIE ELR webpage ○ Email Onboarding team at: CalREDIE_Onboarding@cdph.ca.gov ○ Register at the CDPH HIE Gateway • Manual Lab Reporting Module (MLRM): <ul style="list-style-type: none"> ○ Please contact CalREDIE Help with any questions. <ul style="list-style-type: none"> ▪ CalREDIE Help Desk ▪ CalREDIEHelp@cdph.ca.gov ▪ 866-866-1428 ○ Manual Lab Reporting Account Request Form – this is the link to the online form that must be completed by Manual Lab Reporting users ○ CalREDIE Manual Lab Reporting Module – this one-page document describes the reporting requirements for antigen test results. It can be 	NONE
