### 3 Industrial Safety Ordinance Revisions *by Randall Sawyer*

- Randy let the Joint Committee know that a copy of the proposed changes to the Industrial Safety Ordinance was sent to the Chemical Safety and Hazard Investigation Board to determine that the changes are addressing their findings and recommendations.

The committee reviewed the draft of the proposed Industrial Safety Ordinance revisions and had the following comments:

Section 450-8.014(v) delete the extra word "of"

Section 450-8.016(a)(9)(G) change the statement as to when this subsection would be subject for incidents to "For incidents that occur later than April 30, 2014"

Section 450-8.016(a)(9)(G) clarify as to when inherently safer systems also are to be applied to incidents that could have "reasonably resulted" in a Major Chemical Accident or Release.

Section 450-8.016(a)(9)(G) change the phrase "only due to excess flaring" to "because of excess flaring".

Section 450-8.016(a)(13)(D)(ii) the date for process safety indicators that will be developed by the regulated stationary sources change from "No later than April 30, 2014" to "June 30, 2014"

Section 450-8.016(a)(13)(D)(ii) change the statement "for example" to "including and not limited to"

Section 450-8.016(c)(4) change the statement as to when this subsection would be subject for incidents to "For incidents that occur later than April 30, 2014".

---

**Task**  Make the changes to the proposed revisions to the Industrial Safety Ordinance

Owned by **Randall Sawyer** due **08/05/13**

**Task**  The revisions that have been made by the Joint Committee will be made and brought to the Industrial Safety Ordinance Working Committee to get their response to the draft Industrial Safety Ordinance revisions. Bring any comments and proposed changes to the next Joint Committee meeting. The Joint Committee is planning to make their final comments to the proposed changes to the Industrial Safety Ordinance that will be presented to the County's Board of Supervisors and the

---

Richmond City Council for their approval.

Owned by **Randall Sawyer** due **08/15/13**

• **Task**

The Joint Committee asked that the documents with the ISO revisions be placed on the Health Services/HazMat website. Note: This is complete and the webpage address is: <http://cchealth.org/hazmat/bos-adhoc-committee/>. This webpage also includes links to work that the Ad Hoc Committee has been involved with pertaining to the Community Warning System.
